ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 P.M., OCTOBER 23, 2014

Issued by the Ohio Turnpike and Infrastructure Commission October 23, 2014. Authorized by Robin Carlin, Interim Executive Director, and Tommie Jo Marsilio, Director, Contracts Administration and Compliance.

Robin Carlin Date Tommie Jo Marsilio D

ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 P.M., OCTOBER 28, 2014:

- Q#1: Do the sites where there is a Fire alarm inspection fall under the same Inspection schedule as the Clean agent and Sprinkler inspections?
- A#1 The Commission's current vendor has performed the alarm, sprinkler, and clean agent inspections in April. The second clean agent inspection was performed six months later in October. The successful bidder will need to follow this same schedule. All proposed inspection schedules must be presented to the Commission for approval prior to any work being performed.
- Q#2 Are all the sites that require inspections done in the same months? Ex. Do all the Clean agent systems have an inspection cycle of say April and October?
- A#2 See answer to Question #1.
- Q#3 Do the Sprinkler inspections fall under the same schedule or are they all done at different time cycles / months?
- A#3 See answer to Question #1.
- Q#4 How many average devices are on the Fire alarm Systems? Clean Agent systems? Ex. 2 detectors, 1 pull, 1 abort and 2 Audio visuals per system?
- A#4 The attached spreadsheet indicates the number of devices that were inspected at each Commission facility during the most recent alarm inspections.
