ANSWERS TO QUESTIONS RECEIVED THROUGH THE END OF THE INQUIRY PERIOD

Q#11 May I have a copy of the existing plans for both design sections? May I have a copy of the Master Plan? May I have a copy of the Evaluation Report?

A#11 The Commission is sending the requested documents on a Compact Disk to the short-listed Firms via UPS

Q#12 Has there been a determination of which project will be the first designed? Has a schedule been developed for the second project that differs from the first section?

A#12 The Project Sections planned for design in 2013 are from Milepost 101 to 106 and from Milepost 160 to 165. The Commission anticipates that the Selected Firm(s) will design the first two (2) Project Sections simultaneously during 2013, and for construction of the first Project Sections to occur simultaneously during the years 2014 and 2015. The Commission anticipates that the second two (2) Project Sections from Milepost 70 to Milepost 75 and from Milepost 145 to Milepost 150 will be designed in 2014, and that construction of the second set of Project Sections will occur simultaneously during the years 2015 and 2016

Q#13 We would like to clarify that Final Construction Documents will include revisions from Stage 1, 2 & 3 submittal review comments.

A#13 Yes, the Final Construction Documents will encompass all submittal review comments, including Stage 3 design review.

Q#14 Do we correctly anticipate submitting a Draft Construction Cost Estimate with Stage 3 and then again finalized with the Final Construction Documents.

A#14 Yes, the Selected Firm(s) will submit a draft cost estimate with Stage 3 design submittals, which the Selected Firm(s) will finalized to reflect any changes when preparing the Final Construction Documents
