****MEDIA ALERT****

Ohio Turnpike bridge project in Erie County to slow traffic this weekend

*Traffic will be maintained in one lane throughout project that ends 6:00 p.m. Saturday**

BEREA (July 22, 2016) – Starting tonight at 9:00 p.m., the Ohio Turnpike eastbound between mileposts 116.3 and 118.5 in Milan Township, Erie County, will be reduced to a single lane until Saturday at 6:00 p.m., weather permitting.

The project will require a 35 mph work zone due to mainline bridge deck concrete pours on the Ohio Turnpike eastbound over Kelley Road and over US 250 in Erie County.

*Factors that may affect exact project start time and completion include inclement weather and unforeseen project complications. For ongoing updates please refer to www.ohioturnpike.org/constructionupdates and follow the Ohio Turnpike on Twitter: @OhioTurnpike.

###

The Ohio Turnpike is a 241-mile toll road offering one of the safest, best and most convenient routes for motorists to reach east/west destinations along the northern corridor of Ohio.
