Q#11 Please clarify quantities provided in addendum #1 for the crossover resurfacing work. The original bid items were doubled and don't seem to match what is required per the plans and details.

Please add a bid item for SP404 Limestone PG64-22 for crossover resurfacing work as shown on updated MOT typical sections.

Will both crossover areas need to be resurfaced in both phase 1 and phase 4, if so please provide quantities for this work.

A#11 To be answered in a future addendum.
