QUESTIONS AND ANSWERS THROUGH 1:00 P.M., MARCH 28, 2011:

Q#1 I noticed that one of the items on the above bid invitation is ASTM Type 4 perforated. I'm not aware of any manufacturer that supplies a perforated version of ASTM Type 4. You may want to verify this and modify your bid accordingly. As it currently stands, 3M would be disqualified because it is an all or nothing award.

A#1 **The Commission has considered this request, and has determined that, to encourage competition under the Invitation, the Type IV-Punched Prismatic Retroreflective Sheeting Schedule will be deleted from the Invitation with this Addendum No. 1.**

THE FOLLOWING MODIFICATIONS ARE MADE TO INVITATION NO. 4160:
