

HAZMAT GUIDELINES

All vehicles carrying hazmat loads (in a quantity that requires a placard) need to have the **proper placard** on the truck.

Most of the Toll Interchanges have signs **prior to the tollbooths** that advise OVER DIMENSIONAL AND HAZMAT LOADS to pull over and call ahead. There is a call box near the 'Park Here' sign with an intercom phone that connects them directly to the toll personnel.

Vehicles displaying **Explosives 1.1, 1.2, 1.3, Inhalation Hazard 2, Inhalation Hazard 6 and Radioactive 7** MUST STOP AND NOTIFY TOLL PERSONNEL.

LCV'S (Long Doubles and Triples) ARE PROHIBITED FROM CARRYING THE ABOVE

If the vehicle is carrying **EXPLOSIVES** there is a \$20.00 permit fee per trip and the MUST COMPLY WITH THE ICC RULES AND REGULATIONS. The permit fee is handled at the entering Toll Interchange.

If a company travels the OTC frequently with EXPLOSIVES there is an **EXPLOSIVE PERMIT PROGRAM** available. Contact the **permit section** in engineering for details at 440-234-2081, ext. 1220 or send an e-mail to amy.dickinson@ohioturnpike.org with any questions.
