PERIOD, 5:00 P.M., AUGUST 2, 2010**

ANSWERS TO ADDITIONAL QUESTIONS RECEIVED BEFORE THE END OF THE INQUIRY PERIOD: Additional questions were asked prior to the close of the Inquiry Period that did not make it into the document issued by the Commission on August 3, 2010. Answers are provided below:

Q#25 Can proposals be delivered in person to the address outlined in the request?

A#25 Yes.

Q#26 Please advise if there will be any extensions to the response due date of 8/9/10. If so, what is the revised due date?

A#26 No, there will not be an extension.

Q#27 Regarding Short Term Disability coverage. In order to provide a proposal for this line of coverage, we would need a census of all eligible employees that includes date of birth, gender, salary, and occupation. We would be able to accept a listing of generic occupations that would identify the scope of what employees do, for example, office staff, management, clerical, etc....

A#27 The Census Data on the diskette provides gender and date of birth information. Salary information is not relevant to submitting a quote for Voluntary Disability and Acute Illness coverage. Concerning occupations, as of August 1, 2010, there were 365 full-time toll collectors who are in a bargaining unit, 329 full-time maintenance workers who are in a bargaining unit, and 121 full-time administrative personnel who are not in a bargaining unit (clerical and professional personnel). Note, this number is two more than the census provided in the diskette as of July 1, 2010. Employee numbers typically fluctuate from two to five employees per month.
