ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 PM ON MARCH 28, 2016

ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 P.M., MARCH 28, 2016:

Q#1 You have Group 1, and Group 2, will these be awarded separately? Or will they be awarded as a whole?

A#1 The Commission will select the lowest responsive and responsible bidder for each group separately.

Q#2 Am I able to bid my chassis with a body and without?

A#2 Yes Bidders may bid on one or both Groups.

Q#3 In Bid 4267 on page 7g, you state, "Provision for dual stop and turn signal lights". Can you elaborate on this, not sure what it means. Are you asking for dual stop and turn signal lights at the rear per side?

A#3 The cab and chassis builder shall provide a wiring harness to the rear of the truck frame to allow the body builder to pick-up power and install two (2) lights on either side of the truck. The lights shall operate as follows: when you turn on the park lights all four (4) lights shall illuminate, when you step on the brake pedal all four (4) lights shall also illuminate, when you use your turn signals or hazard lights only the two outer lights shall illuminate

Q#4 Are you asking for a trailer plug?

A#4 No

Q#5 On page 7G, Under Group 1 Electrical, "The auxiliary circuit package". Please clarify #3 in-dash switch pack... "hot through ignition". Are they to be hot in accessory and run position of ignition key?

A#5 The six pack of switches will have battery power in the key turned to the accessory and run position
