Issued by the Ohio Turnpike and Infrastructure Commission on May 1, 2017 by Mark R. Musson, Director of Contracts Administration.

A handwritten signature in blue ink, appearing to read "Mark R. Musson", is written over a horizontal line.

Mark R. Musson

Date

**ANSWERS TO QUESTIONS RECEIVED THROUGH 5:00 PM ON APRIL 28, 2017:**

**Q#1 What particular brand are you looking for? Will you accept an alternative?**

*A#1 The Commission is not looking for a particular brand. We are seeking bids on equipment that meets the specifications set forth in the Bid Invitation. However, to state a Standard, the Commission has previously accepted the Harper ATM72LC as conforming to specification. Respondents may bid any equipment that conforms in all material respects to the specifications.*

**Q#2 We like to know if you would accept a bid of a slope mower that is remote controlled and does not require a driver on the unit, thus making the unit much safer. The unit also will travel a slope up to 60 degrees. We have units available to demonstrate at no cost if you would like to see on in use.**

*A#2 The Commission has specified a mower with a rider-operator, and we are not interested in purchasing a remote controlled unit under this Bid Invitation.*

**Receipt of Addendum No. 1  
Invitation No. 4294 is hereby acknowledged:**
