ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 PM ON MARCH 27, 2019:

Q#1 Is it the Commission's intent to extend the 451 repairs 15" into the shoulder to replace the existing Type 1 aggregate drains? If so, how will the extra 15" of pavement repairs be paid?

A#1 Type 1 as well as Type 2 aggregate drains will not be required or installed for this Project. Therefore, the pavement repair shall not extend 15" into the shoulder.

Q#2 Please be advised that the prevailing wage rate link located on page OTIC-WR-1 does not work.

A#2 Through this Addendum No. 1, the hyperlinks appearing in Article 7.5.2 of the Instructions to Bidders and Article 1.1.4 of the Wage Rates are deleted and the following link substituted in their place: <https://wagehour.com.ohio.gov/w3/webwh.nsf/wrlogin/?openform>.
