Anthony D. Yacobucci Date

Mark R. Musson Date

ANSWERS TO QUESTIONS RECEIVED THROUGH THE END OF THE INQUIRY PERIOD

Q#3 Is an environmental assessment of the pond at Toll Plaza 64 available? If yes, what year was the environmental assessment of the pond completed?

A#3 The Commission is currently under contract with a consultant to perform the environmental services required for the pond. The assessment is underway and anticipated for completion in the next few months.

Q#4 Are there any recent HVAC/energy assessments for the toll plaza admin buildings?

A#4 No.

Q#5 What are the most recent annual inspection reports available showing current conditions at all 29 toll plazas?

A#5 Yes, the Commission performs annual inspections of all the toll plaza facilities and will make the information available to the selected consultant. The current toll collection system consultant performed condition inspections for a select sample of toll plazas and the Commission will make the conditions report available to the selected consultant.

Q#6 Are AUTOCAD drawings for an or all 29 plazas in this project available from the 2009 TCS Upgrade project?

A#6 The Commission will make the AutoCAD drawing available to the selected consultant, and the .pdf drawings are available upon request along with the materials mentioned in Q#7.

Q#7 Request FTP access to the Commission's Sample Specifications, Drawings, Conditions for Public Improvement contracts, and original construction plans.

A#7 Yes, the Commission will provide access to the materials upon request.
