-AND-

EXTENSION OF THE PROPOSAL DUE DATE TO JANUARY 17, 2018

ANSWERS TO QUESTIONS RECEIVED THROUGH 2:00 P.M. ON DECEMBER 21, 2017

Q#1 Could you please help me with the following questions: Whether companies from Outside USA can apply for this? (like, from India or Canada)

A#1 Yes, however [Executive Order 2011-12K](#) prohibits the Commission from entering into any contract for services that the contractor will perform overseas. Any international firm responding to the RFP must commit to performing its services within the United States. See Appendix 3 of the RFP for the certification.

Q#2 Whether we need to come over there for meetings?

A#2 Periodic meetings are preferable means for communicating key information and performance progress.

Q#3 Can we perform the tasks (related to RFP) outside USA? (like, from India or Canada)

A#3 See the response to Q#1.

Q#4 Can we submit the proposals via email?

A#4 No. See Part IX and Part X. The Commission requires one original and three complete copies of each respondent's proposal.

Q#5 Is this a new bid for services or a recompetete?

A#6 The existing contract for these services continues through December 31, 2017 and was executed on the basis of competitive proposals received through a process similar to the current procurement.

Q#7 If this is a recompetete who is the current contractor?

A#7 Travel Boards, Inc.

Q#8 What is the current revenue share for the Ohio Turnpike for each of the Marketing and Advertising programs that are in place today?

A#8 Service Plaza Signs: Commission Revenue Share is 65% of gross

Request for Proposals
Marketing and Advertising Sales Services
Q&A #1

Brochures: Commission Revenue Share is 50% of gross
Ticket Machines: Commission Revenue Share is 65% of gross
Toll Booth Windows: Commission Revenue Share is 65% of gross
Turnpike Map Ads: Commission Revenue Share is 20% of gross
Turnpike Television: Commission Revenue Share is 25% of gross

Q#9 Please explain gross revenue. Is the revenue share based solely on "rent" or if all income must be listed, is the contractor allowed to deduct the printing, production and/or installation costs from the revenue share?

A#9 The Concession Fee to the Commission is based on Gross Receipts, which is revenue before expenses. See Part IV for the definition of Gross Receipts.

Q#10 Does the Ohio Turnpike have plans to remove tollbooths or convert them to High Speed Tolling, causing removal of toll booths and therefore advertising window space, over the term of the contract?

A#10 The Commission recently approved a strategic plan for modernizing its tolling facilities, which includes reconfiguring nine of the lowest volume interchanges. However, final design has not been determined and implementing these changes will not take place until at least 2021.

Q#11 Please provide the mainline traffic count information (AADT - average annual daily traffic) for vehicles passing by each of the 14 Service Plazas.

A#11 On average, the Commission estimates that approximately 4,191 travelers visit each plaza per day (based on 2015 numbers)

Q#12 Please provide the annual visitor counts for each of the 14 Service Plazas.

A#12 The Commission estimates that approximately 1.53 million travelers on averages per year visit each plaza (based on 2015 numbers)

Q#13 Please provide the entry and exit transactions for all of the Toll Plaza Interchanges.

A#13 The following provides the year to date trip data from January 1, 2017 through Nov. 30, 2017:

Q#15 How many annual page views does the Ohio Turnpike website receive?

A#15 For the year ending December 17, 2017, www.ohioturnpike.org had 3,201,818 Pageviews, and of those 2,406,821 were Unique Pageviews.

Q#16 Including the EZ Pass webpages (hub, my account, etc.), what are the top five viewed webpages and associated page view counts?

<i>A#16</i>	<u>Top Five ohioturnpike.org pages</u>	<u>Pageviews</u>
	1. Ohio Turnpike home page	640,140
	2. EZPass General info	414,226
	3. Fare Calculator	320,845
	4. Turnpike Map	169,056
	5. Service Plazas	137,735

The Commission does not currently control its EZPass transponder fulfilment and account website, www.ezpassoh.com. However, the Commission expects to modernize its Customer Service Center systems in the next 18 months, which may open a new medium for displaying paid content during the term of the agreement.

Q#17 Would the Ohio Turnpike and Infrastructure Commission consider extending the submission date deadline ten days?

A#17 With this Addendum No. 1, the Commission is extending the submission deadline to January 17, 2018.

Q#18 The Ohio Turnpike Map & Lodging Guide is not listed separately, and is combined with the Brochure Distribution Program. The Map & Lodging Guide is presently treated as a separate program. Will it remain separate in the future, or will it be combined with the Brochure Program.

A#18 While the Brochure Distribution Program was summarized in the same bullet point paragraph under PART I. General Purpose of the RFP, the Brochure Program is separately described under Section C of the PART II. Scope of Services and separate revenue sharing proposals are required for each distinct program under PART VII.

Q#19 Is the Commission willing to reimburse the selected firm for damage to signs caused by Commission personnel, similar to the Commission’s responsibilities outlined in the Turnpike Television Network on Page 7, Part II, Section E, (2.) Responsibility for Repairs, Replacement, Loss or Damage?

Request for Proposals
Marketing and Advertising Sales Services
Q&A #1

A#19 Yes, the Commission assumes the risk and responsibility for any damages for which it is legally liable.

Q#20 Will the Commission make statistics, such as sales and cover counts, etc. from the various concession operators at the service plazas available to the potential respondents? In particular, statistics from Jan. 2016 – Nov. 2017 are requested.

A#20 Please see the sales data attached to this Q&A#1.

Q#21 The existing backlit signs are the property of the Commission. In addition to being responsible for the insertion of advertising into the units, will the Selected Firm be responsible for routine maintenance as well, i.e., bulb replacement, etc. ?

A#21 The Commission performs routine maintenance on the backlit signage, including bulb replacement.

Q#22 The RFP states that in each of the service plazas, the Selected Firm shall furnish and install at least one (1) forty-two (42) inch (or larger) television monitor. Does the Commission have preferences and/or limitations as to the size and/or number of monitors to be placed in each service plaza?

A#22 The Commission does not have a set number or set locations. Currently, there is one "Turnpike TV" monitor located in the main lobby outside of the restrooms in each of the 14 plazas. There have been past discussions regarding the addition of 2 new monitors in the food court and at the trucker's entrance at each plaza.

Q#23 Does the Commission have requirements, preferences, and/or limitations as to the specific placement (location) of monitors within the service plazas?

A#23 See the response to Q#22.

Q#24 Can the number of monitors installed at the various service plazas vary, or will the Selected Firm be required to install the same number of monitors in each service plaza?

A#24 See the response to Q#22.

Q#25 Will the Commission provide internet access for the Turnpike Television Network, or will the Selected Firm be responsible for securing Internet Service Providers and access at each of the service plaza locations?

A#25 The Commission will provide a wifi internet connection at the Service Plazas.

Q#26 If the Commission does provide internet access, will there be any restrictions or limitations on the type of content (commercial vs. non-commercial), bandwidth, frequency of uploads, use of RSS feeds, and/or live streaming.

A#26 Subject to reasonable restrictions, the Commission is willing to establish mutually agreeable conditions on the activity using its internet access.

Q#27 What infrastructure is the Commission referring to in the phrase “desires to update the infrastructure”?

A#27 The Commission is referring to the Travel Board utilized for the “Lodging/Campground InfoCenter Program.”

Q#28 Will the Commission provide internet access for the InfoCenter Program, or will the Selected Firm be responsible for securing Internet Service Providers and access at each of the service plaza locations?

A#28 See the response to Q#25.

Q#29 If the Commission does provide internet access, will there be any restrictions or limitations on type of content, bandwidth, frequency of uploads, use of RSS feeds, and/or live streaming?

A#29 See the response to Q#26.

Q#30 How much space will be made available for the “Board” at each service plaza? Are their minimum/maximum size guidelines or requirements?

A#30 The exact sizes of the existing “Boards” may vary by plaza. The current installations occupy between 32 – 43 sq ft per install. The Commission is willing to entertain proposals for alternate sites and sizes.

Q#31 Please clarify the requirement for fuel prices and the parameters for fuel prices to be displayed. Are they limited to only concession operators on the Turnpike, or are they to include the surrounding communities as well? Will the Commission provide the fuel pricing information to the Selected Firm? If so, how will the information be transmitted? How often are the prices to be updated?

Request for Proposals
Marketing and Advertising Sales Services
Q&A #1

A#31 Fuel Prices to be displayed are limited to only the fuel sold on the Turnpike. How and who will provide fuel prices to the Selected Firm are yet to be determined. Fuel prices are updated three time a week on Monday, Wednesday, and Friday at 3:00 pm.

Q#32 Under the current program, travelers receive directions to participating businesses directly from Turnpike personnel at the toll booths in the form of an Exit Guide. Is the requirement to provide Exit Guides eliminated in this RFP?

A#32 While producing and distributing Exit Guides for collectors to disburse is not required, the Commission is willing to entertain proposals for the exit guides as part of respondent's marketing and sales services.

Q#33 Please provide examples of prohibited retail advertising.

A#33 An example of prohibited retail advertising would be advertising a venue where minors are prohibited from entering.

Q#34 There is no provision in the RFP to vary the Percentage of Gross Revenue paid to the Commission by year. Will the Commission accept different percentages for years 1, 2, and/or 3 for any or all of the advertising programs? If so, how should this be shown on the Revenue Sharing Proposal?

A#34 Respondents may offer alternate Revenue Sharing Proposal(s) provided a Revenue Sharing Proposal using the prescribed template is submitted also.

Q#35 Should rationales/explanatory notes for the Revenue Sharing Proposals be included with the Revenue Sharing? If a responding firm elects to propose optional features in one or more of the advertising programs should a second set of Percentage of Gross Fees be added to the Revenue Sharing Form?

A#35 See the response to Q#34.

Q#36 We are a privately held company and do not have audited financial statements. What can we provide in lieu of our "most recent audited financial statements"?

A#36 Please provide the most recent internal financial statement that includes income or profit and loss statement and balance sheet. If there is no full year accounting available more recent than 2016, provide an interim 2017 statement that disclose year to date information in addition to 2016 year end financials.

Marketing and Advertising Sales Services
Q&A #1

Q#37 Please clarify the phrase “participation on the respondent’s team”. Is the Commission referring to sub-contractors?

A#37 Yes.

Q#38 Can/will the Commission provide a list of known potential respondents to this RFP?

A#38 There is no record responsive to this request.
