5:00 P.M. (Eastern), June 29, 2016

ATTENTION OF RESPONDENTS IS DIRECTED TO:

**ANSWERS TO QUESTIONS RECEIVED THROUGH 1:00PM ON JUNE 17, 2016
-AND-
MODIFICATION TO PART II – SCOPE OF SERVICES**

ANSWERS TO QUESTIONS RECEIVED THROUGH 1:00PM ON JUNE 17, 2016

Q#11 One of your pricing categories is: Alcohol screening with drug panel. My understanding of this is a urine drug screen which also tests for alcohol. Is this what you are referring to?

A#11 No. The Commission is seeking pricing to determine any cost savings from performing both an alcohol test done via breathalyzer and a drug screen via urine sample on the same visit.

Q#12 On page 4 of the RFP it states that the Mobile Unit(s) will be operated by male and female professional collectors. Are you requiring 2 collectors at all times for the mobile unit?

A#12 Upon further consideration, only one collector of any gender is required. Through this Addendum No. 2, the Commission modifies the second to last paragraph of Part II to delete the reference to male and female collectors and accordingly read as follows:

“The mobile unit(s) utilized must be operational on a 24 hour a day basis, continually appear clean and in a medical-like condition operated by ~~male and female~~ professional collector(s). The Selected Contractor shall be required to verbally confirm negative results within twenty-four (24) hours of administering the test and to follow-up with written verification to the Commission’s Human Resources Department. Positive test results shall be communicated to the appropriate Commission personnel and to the subject employee immediately following the confirmation of the positive result.”
