ANSWERS TO QUESTIONS RECEIVED THROUGH 2:00 P.M., JANUARY 30, 2012

Q#1 Can pdf files of the existing structure plans be e-mailed to the plan holders? Please include drawings of the rehabilitation done in 1980.

A#1 ~~The Commission will not email the existing plans to the plan holders. The existing plans are available for inspection at the Ohio Turnpike Commission Headquarters (See DWG 2 of 17).~~

REVISED RESPONSE TO QUESTION NO. 1- The Commission will provide PDF Drawings of the 1980 rehabilitation for information only. Drawings for Contract No. 43-80-02 are attached hereto.

Q#4 The schedule on the Gulf Road Bridge Deck Replacement Project is very challenging. Can the Concrete Weatherproofing on the Superstructure be Excluded from the substantial completion \$1000/day L/D's list of work? The concrete has to be 21 days old before it can be sealed. The work can be done using lane closures on Gulf Road while maintaining at least 1 lane each direction. One of the sidewalks can remain open while the other is Weatherproofed.

A#4 No specific items of Work will be excluded from the Contract. Weatherproofing may be performed earlier than the Specifications allow with approval from the manufacturer, providing all remaining Specifications for SP511A and SP536 are met.
