There is limited space available at the assembly areas within the right-of-way of the Ohio Turnpike. In order to maintain safe and efficient operations, not only for the Commission but also for the Permittee, the Commission reserves the right to coordinate and control the use of the assembly areas, through restricting the number of total Permittees, number of certified units, time of use and/or other measures which are deemed necessary to manage the LCV program.

Permittees shall not leave any unit of a Double in an assembly area for more than eight (8) hours. Permittees shall not leave any unit of a Triple in an assembly area for more than four (4) hours.

Request is hereby made for permission to use the OTIC assembly areas to assemble / disassemble a LCV. Applicant certifies that this long combination vehicle meets all requirements of the most recent version of OTIC's Provisions Covering Permits for Operation of Long Combination Vehicles (LCV's) for Long Double Trailer Combinations in Excess of 90 Feet in Length on the Ohio Turnpike or Provisions Covering Permits for Operation of Long Combination Vehicles (LCV's) for Triple Trailer Combinations in Excess of 90 Feet in Length on the Ohio Turnpike as applicable, and will not be modified nor operated on the Turnpike in violation thereof.
