Type of Body	Overall Length	No. of Axles	Axle Spacing:	1-2	2-3	3-4
--------------	----------------	--------------	---------------	-----	-----	-----

Triple Trailer Data: (third trailer and dolly)

Type of Body	Overall Length	No. of Axles	Axle Spacing:	1-2	2-3	3-4
--------------	----------------	--------------	---------------	-----	-----	-----

Combination Data:

Overall Length:	Feet & Inches Maximum	Feet & Inches Minimum	Gross Weight:	Maximum	Minimum
-----------------	--------------------------	--------------------------	---------------	---------	---------

Spacing between rear of lead trailer and front of second trailer:	Feet & Inches Maximum	Feet & Inches Minimum
---	--------------------------	--------------------------

Spacing between rear of second trailer and front of third trailer:	Feet & Inches Maximum	Feet & Inches Minimum
--	--------------------------	--------------------------

Spacing between rear axle of lead trailer and front axle of dolly for second trailer:	Feet & Inches Maximum	Feet & Inches Minimum
---	--------------------------	--------------------------

Spacing between rear axle of second trailer and front axle of dolly for third trailer:	Feet & Inches Maximum	Feet & Inches Minimum
--	--------------------------	--------------------------

Application is hereby made for permit to operate a long combination vehicle in excess of 90 feet on the Ohio Turnpike using the tractor specified above and trailers of the general type described above. Applicant certifies that this long combination vehicle meets all requirements of the most recent version of OTIC's Provisions Covering Permits for Operation of Long Combination Vehicles (LCV's) for Long Double Trailer Combinations in Excess of 90 Feet in Length on the Ohio Turnpike or Provisions Covering Permits for Operation of Long Combination Vehicles (LCV's) for Triple Trailer Combinations in Excess of 90 Feet in Length on the Ohio Turnpike as applicable, and will not be modified nor operated on the Turnpike in violation thereof. Applicant understands that long combination vehicles may be operated only from the makeup-breakup areas designated by the Commission.

All applicable fees must be included with application in the form of a check or money order made payable to Ohio Turnpike & Infrastructure Commission. For definition of fees, see OTIC's Provisions Covering Permits for Operation of Long Combination Vehicles (LCV's) for Long Double Trailer Combinations in Excess of 90 Feet in Length on the Ohio Turnpike or Provisions Covering Permits for Operation of Long Combination Vehicles (LCV's) for Triple Trailer Combinations in Excess of 90 Feet in Length on the Ohio Turnpike.
