FOR IMMEDIATE RELEASE

Ohio Turnpike to Expand EV Charging Infrastructure

BEREA, Ohio (Jan. 17, 2023) – As auto manufacturers continue add electric vehicles to their lineups and EV sales continue to increase in the U.S., the Ohio Turnpike and Infrastructure Commission is preparing to add more EV charging units along the 241-mile toll road later this year.

Currently, Electrify America and Tesla Supercharger stations are available at several service plaza locations on the Ohio Turnpike.

Electrify America's charging stations – which includes four DC Fast Charging hookups (CCS/SAE or CHAdeMO 50kW, 150kW and 350kW) – are available at the following service plazas:

- **Indian Meadow** (westbound) and **Tiffin River** (eastbound) at milepost 20.8 in West Unity; and
- **Blue Heron** (westbound) and **Wyandot** (eastbound) at milepost 76.9 in Genoa.

A Tesla Supercharger Site – which includes eight Superchargers (up to 250kW) – is available at the following service plazas:

- **Blue Heron** (westbound) and **Wyandot** (eastbound) at milepost 76.9 in Genoa.

Expansion is underway on the Ohio Turnpike to bring additional EV charging stations to Indian Meadow (westbound) and Tiffin River (eastbound) at milepost 20.8 in West Unity; Great Lakes (westbound) and Towpath (eastbound) service plazas at milepost 170.1 in Broadview Hts.; and Mahoning Valley (westbound) and Glacier Hills (eastbound) service plazas at milepost 237.2 in New Springfield.
