Date

**ANSWERS TO QUESTIONS RECEIVED THROUGH 12:00 P.M. ON MARCH 20, 2026:**

**Q#25 At the time the project was pushed this week, most of the quotes were into general contractors. At this point, the 15% SBE Goal is unattainable without inflating the bid prices in a magnitude close to \$250,000. Please consider lowering the SBE goal to 10%.**

*A#25 See A#1 that was issued with Addendum No. 1.*

**Q#26 Over the last several months, there have been several paint contractors that have appeared and are claiming they are in QC stage and are waiting on the Turnpike to approve them for 514. A couple of these are SBE's as well. Does The Turnpike have a list of qualified painting contractors?**

*A#26 The OTIC follows the most current version of ODOT CMS for Item 514 - Painting of Structural Steel. Painting Contractors must be prequalified for ODOT Work Type 26.*

**END OF ADDENDUM NO. 5**
