ANSWERS TO QUESTIONS RECEIVED THROUGH 2:00 P.M. ON SEPTEMBER 14, 2020:

Q#1   **We reached out to our marketing contacts to discuss the Ohio Turnpike project. Our contacts at the marketing firm represent numerous national sponsors. We found some interest, but unfortunately, we do not have the time to secure a sponsor prior to September 15th, 2020. Therefore, we cannot commit to providing optional credit dollars. The cycle usually takes 90 days to secure.**

   We would like permission to submit a letter identifying the sponsorship value of a project this size. With your permission we would include the letter with our bid with a rage of what this project is worth to a sponsor. If we successfully win the project we would go out and attempt to secure funding.

   Let me know if we can or should include this letter with the bid?

A#1   *Bidders should provide any information available to them regarding the potential for a sponsorship with their bid. As set forth in the Bid Invitation, the Corporate Sponsorship Option Credit will <u>not</u> be considered as part of the evaluation of bids. Also, there is no maximum to the number of Sponsors that the Bidder may obtain for the Incident Responder Service and the agreement with the Sponsor may allow for additional promotional activities related to the Incident Response Service program and/or roadway safety. Therefore, a Corporate Sponsorship Option Credit may or may not be established at the time of contract award but may be added or removed during the term of the contract.*
