ANSWERS TO QUESTIONS RECEIVED THROUGH 1:00 P.M. ON NOVEMBER 30, 2020:

Q#4 How are the Bid Guaranty and Performance Bond amounts to be determined from a bid with variable rates?

A#4 The bid guaranty and performance bond are percentages of the amount of the bid (10% for the bid guaranty and 50% for the performance bond). No specific dollar amount should be stated on the bond form that is included with the Bid Invitation. Once bids are opened, the Commission will calculate the bid amount based on an annual estimate and the performance bond will be based on that amount. Bidders should confer with their surety regarding the bond requirements in the bid invitation
