ANSWERS TO QUESTIONS RECEIVED THROUGH 8:00 A.M. ON AUGUST 23, 2022:

Q#2 I am filling out your document for submission and I have come upon pages 11-1 thru 12 -2 .

As a non-State of Ohio vendor that has sold items to the Ohio Dept. of Transportation in the past, we are not sure what to put on these pages

A#2 The SBE forms (Part 11) must be filled out despite the goal being waived. See Part 5, Bid Form Instructions, page 5-1, items 6 and 7 of the Bid Invitation for more instructions. If a bidder believes it has no information to provide on the SBE forms, the bidder can indicate “Not Applicable” when the goal is waived. The Commission’s SBE Program Manual permits a bid discount or opportunity to match the apparent low bid amount to SBE, MBE or LDBE bidders. Therefore, SBE, MBE or LDBE bidders are encouraged to complete the SBE forms. For more information about the Commission’s SBE program, please visit <https://www.ohioturnpike.org/business/oei>.

The Ohio Preference forms (Part 12) must be completed by all bidders by responding to each question. This form is used to identify Ohio or border state bidders and those bidders may qualify for a preference under the criteria of the policy.
