ANSWERS TO QUESTIONS RECEIVED THROUGH 3:00 P.M. ON DECEMBER 13, 2023:

Q#1 I was looking at Bid Invitation 4446 and I noticed for the Drum spec section, there is some conflicting information.

In one section it states (5) tiered bands, but just a little lower it states (4) tiered bands:

A#1 Although the drum is specified to have five (5) tiered or stepped bands, only four (4) reflective stripes are required per the Specifications. The lower tier of the drum does not require a reflective stripe.
