Detailed tax information on reverse side

It is the responsibility of the customer to provide and keep current all tax forms in a timely manner. In the event that tax forms are not provided and/or are expired, purchases will be subject to any and all applicable taxes.

Over the past years, costs related to insurance, safety regulations, and environmental requirements have increased significantly across our industry. Rather than raising overall prices across the board, we've added a small compliance fee to our invoices starting January 1st to cover those rising costs. Thank you for your understanding and continued business!

Pay online at www.portspetroleum.com

Thank you for your business!

The state tax or taxes imposed hereon has been assumed and will be paid by Ports Petroleum Co., Inc. on or before the due date, as required by law.
