Factors that may be considered by the Commission are:

- A. Competence to perform the required professional design services as indicated by the technical training, education, and experience of the firm’s personnel, especially the technical training, education, and experience of the employees within the firm who would be assigned to perform the services;

20 raw points (27.5 weighted points)

- Project Manager – 5 points (given a 2.00 weighted factor)

The determination of good faith efforts, which is graded as a "pass/fail", is based on consideration of the quality, quantity and intensity of the actions taken. "Significant Ohio economic presence" means "business organizations that (1) have sales offices, divisions, sales outlets or manufacturing facilities in Ohio or which facilities demonstrate capital investment to Ohio; and (2) pay required taxes to the State of Ohio; and (3) for

corporations, are registered and licenses to do business in the State of Ohio with the offices of the Secretary of State. – [pass/fail]

Following the ranking of the Letters of Interest submitted, a “Scope of Services” meeting will be held with the top-ranked Respondent to ensure the Respondent’s understanding of the contract requirements and fee negotiations may commence. Following this meeting, the Respondent shall submit to the Commission a fee proposal for all tasks defined at the Scope of Services meeting. The top-ranked Respondent’s fee will be compared to the Commission’s estimates. If necessary, the Commission will attempt to negotiate a mutually acceptable fee. If those negotiations are unsuccessful, the process will be repeated with the Respondent that submitted the next ranked Letter of Interest. Following successful negotiations, a contract (Appendix B for form of Contract) will be entered into based on the Scope of Services.

Once the top-ranked Respondent is determined, the Commission will update the list of Respondents identifying the top-ranked firm and indicating that contract negotiations are pending. The list of Respondents is posted on the Commission’s website <https://www.ohioturnpike.org/business/doing-business-with-us/engineering-services>.

## **PART IX. OFFICE OF OPPORTUNITY AND INCLUSION**

The Commission’s Business Inclusion Program ensures that a business certified as a Small Business Enterprise (SBE) has the fullest possible opportunity to participate in a contract involving the expenditure of Commission funds. The program is administered by the Commission’s Office of Opportunity and Inclusion (OOI), which reviews each proposed contract and determines if opportunities exist and if so, applies a goal to the proposed contract. In some cases, no goal is applied to a proposed contract due to a lack of opportunity and availability of certified businesses.

When a goal is identified in a Request for LOIs, the respondent must submit the documentation provided by the Commission to show how the respondent will meet the goal. When the goal is waived, respondents are strongly encouraged to use “good faith efforts” or necessary and reasonable actions that would reasonably be expected to attain SBE participation in the respondent’s performance of the scope of work.

Additionally, whether the Commission applies a goal to a proposed contract or not, the program standards provide that the Commission may apply an evaluation credit of five percent (5%) to the total points awarded for responses received from SBE consultants to perform the personal or professional services set forth in the Scope of Services. The Commission **will** apply this credit in the evaluation process for responses submitted in response to this Request for LOIs.

For questions about the Commission’s Business Inclusion Program, please contact the Office of Opportunity and Inclusion at [Opportunity.inclusion@ohioturnpike.org](mailto:Opportunity.inclusion@ohioturnpike.org)

## **PART X. DEVIATIONS, EXCEPTIONS AND ADDENDA TO REQUEST FOR LOIs**

If a Respondent discovers any ambiguity, error, conflict, discrepancy, omission or other deficiency in this Request for LOIs, that Respondent should immediately notify the Commission of such error and request modification or clarification of the Request for LOIs in accordance with the procedures outlined in PART VI. In the event that it becomes necessary to provide additional clarifying data or information or to revise any part of this Request for LOIs, addenda will be issued and posted on the Commission’s website (<https://www.ohioturnpike.org/business/doing-business-with-us/engineering-services>) to modify the necessary provisions of the Request for LOIs.

Respondents should specify in the Proposals whether they take exception to any of the Scope of Services or the contract. If a Respondent fails to notify the Commission of a known error in the Request for LOIs, and a contract is awarded to that Respondent, that Consultant shall not be entitled to additional compensation or time by reason of the error or its later correction.

The Commission reserves the right to make changes to the scope of this Request for LOIs and to clarify any of the requirements, information and/or provisions of this Request for LOIs as it deems necessary. In the event of a conflict, the terms and conditions of this Contract control.

**1.2 Designated Personnel.** Prior to performing any services, the Consultant shall provide to the Commission for approval a list of personnel designated to perform the services along with their resumes and certifications, as required. ### ARTICLE 2 TERM, CONTRACT FEES AND PAYMENT

- 2.1 Term.** This Contract shall become effective upon the last date written below and, subject to the termination provisions of this Contract, continue to be in full force and effect until the work required under the Contract is completed by the Consultant to the satisfaction of the Commission.
- 2.2 Payment Methods.** A single contract may contain more than one payment method as appropriate for compensation of different elements of work. The contract shall specify a maximum amount payable, which shall not be exceeded unless adjusted by a contract modification signed by both parties.
- 2.2.1 Actual Cost Plus a Fixed Fee.** This payment method is a combination of two factors: the Consultant's actual costs, and a fixed fee. The Commission's fixed fee shall be 10% of the Consultant's actual costs. This payment method is appropriate if the extent of the work cannot be well defined and other payment methods are not appropriate. This payment method is preferred for projects in the preliminary development phase and other projects where the work is indeterminate in nature (i.e., construction administration and inspection services). A maximum compensation amount is required to be included in the contract. This payment method shall be calculated as follows: (direct labor) x (current overhead rate) x (10% fixed fee) = not-to-exceed amount for specific scope or phase.
- 2.2.2 Lump Sum.** This payment method provides for a specific total amount payable for the performance of the services. This payment method shall be used when the extent, scope, complexity, character, and duration of the work to be required can be determined to a degree that fair and reasonable compensation can be determined at the time of negotiation.
- 2.2.3 Approved Overhead Rate.** The Consultant's overhead rate shall be reviewed by the Commission in accordance with the ODOT Specifications for Consulting Services. The Consultant must provide the Commission with an updated ODOT

## APPENDIX B

Consultant Indirect Cost Rate Approval Certificate on an annual basis or when a new certificate is issued to the Consultant during the term of this Contract. The overhead rate for this Contract shall be approved by the Chief Engineer/Deputy Executive Director and it shall be the Consultant's actual overhead rate, but in no case can the overhead rate exceed 160.00%. The rate may only be amended by mutual agreement of the parties in writing.

- 2.3 Contract Fee.** The Commission shall pay the Consultant for its proper performance under this Contract an amount up to the not-to-exceed amount of \$ *[insert]*, under the *[Actual Cost Plus a Fixed Fee or Lump Sum]* payment method, as set forth in Exhibit B, to perform the services. The Commission may amend the Contract in writing, prior to the performance of any modified or additional work, in order to incorporate additional Fee Proposals as sought by the Commission. Should the Commission authorize an amendment of this Contract for the performance of any additional services on this Project, any unexpended funds allocated for compensation to the Consultant for previously approved services may be reallocated or added to the not-to-exceed amount established for the performance of any other services.
- 2.4 Reimbursable Expenses.** No extra charges will be assessed for preparation of invoices, computer time, or for incidental material, services or equipment, except as hereinafter provided. The Commission agrees to pay the actual costs of telephone, printing, postage and other similar incidental expenses incurred by the Consultant in connection with any services performed pursuant to this Contract when such expenses are fully documented. In the event that specialized materials or equipment is required, they shall be provided by the Consultant at the expense of the Commission provided that the Chief Engineer/Deputy Executive Director has given prior approval to such expenditure.
- 2.4.1 Vehicles.** The Commission also agrees to reimburse the Consultant for the use of Consultant's vehicles (or vehicles of Consultant's employees) at the rate the Consultant reimburses its employees, when such vehicles are used pursuant to this Contract, up to the current IRS mileage allowance rate. Mileage to and from the Consultant's office to the Commission's job site will be reimbursed for these services. The Consultant must certify to the Commission's Chief Engineer the number of miles between the Consultant's office and the Commission's job site of each employee who will work on the project. In the event that the Consultant's employee assigned to the project travels directly from home to the worksite, the Consultant shall also certify the number of miles that each employee will travel from home to the nearest portion of the Turnpike job site. In this circumstance mileage to and from the work site shall only be reimbursed for the number of miles traveled which exceed the number of miles normally traveled by the Consultant's employee from the Consultant's office to the Commission's job site. Such certification will be used to calculate approved mileage charges and authorization for overnight lodging. The approved mileage charges shall not exceed the per day per vehicle amount set forth in the Ohio Turnpike and Infrastructure Commission Professional Services Method of Compensation – Hourly Billing Current FY Summary, unless previously authorized in writing by the Chief Engineer.

## APPENDIX B

Furthermore, mileage logs shall be completed daily by the Consultant's employees and submitted with monthly invoices as supporting documentation for mileage reimbursement. If mileage logs are not completed daily, no reimbursement will be made.

**2.4.2 Toll Free Access.** The Consultant and its employees shall have toll-free passage on the Ohio Turnpike in performing work pursuant to this Contract. However, such toll-free passage shall be strictly prohibited for any personal use by the Consultant's employees. Non-Revenue transponders will be issued to the Consultant upon the submittal of a written request for the requested number of transponders. These transponders are for assigned project use only and it shall be the responsibility of the Consultant to manage and monitor the proper usage of these transponders. The Commission will audit these transponders on a regular basis and should unauthorized activity be detected, the authorization for non-revenue privilege may be revoked. These transponders shall be returned at the completion of the assignment. Should the Consultant return less than the number of transponders issued, there shall be a charge of \$100.00 per transponder for each one not returned.

**2.4.3 Meals and Lodging.** During performance of said professional services, overnight lodging will be provided for Consultant's employees only when it is deemed advantageous to the assignment, and prior approval in writing is granted by the Commission's Executive Director or Chief Engineer/Deputy Executive Director. In the event said overnight lodging has been approved by the Executive Director or the Chief Engineer/Deputy Executive Director, the cost of meals and lodging shall be reimbursed at the Federal CONUS (Continental United States) per diem rates established by the Federal Government and published at <https://www.gsa.gov/travel/plan-book/per-diem-rates>. Consultant must provide documentation to verify the travel for which reimbursements are being requested. Travel reimbursement is based on the location of the work activities and not the accommodations. The location of the work activities shall be the city/county where a majority of the work is being performed for the Project

**2.5 Reporting.** The Consultant shall provide, and shall require all sub-consultants to provide, any requested data to determine compliance with the representations made in the approved SBE Participation Certification, Utilization Plan, Demonstration of Good Faith Efforts and Statements of Intent to Contract and Perform for each invoice through the Commission's online diversity compliance portal: <https://ohioturnpike.diversitycompliance.com/Default.asp>. The Consultant and all sub-consultants shall timely submit all required data prior to any reasonable due dates, and check the online diversity compliance portal on a regular basis to manage contact information and contract records. The Consultant shall require all sub-consultants to have completed all requested items and maintain contact information on record that is accurate and up to date. The Consultant shall include these disclosure and reporting requirements in all subcontracts under the Contract and further require that all subcontractors place the same obligation in each of their lower tier contracts. The Commission may require additional information related to compliance at any time before, during, or after contract award.

## APPENDIX B

- 2.6 Taxes.** The Commission is a tax-exempt entity and will provide the Consultant with a copy of the Commission's tax exemption certificate.
- 2.7 Invoices and Payment.** The Consultant shall submit invoices no more frequently than once a month in a form agreeable to the Commission. The Consultant shall render its invoices to the Commission on or about the 10th day of the month after any such services are performed. Invoices must reference the appropriate purchase order number. Undisputed invoices shall be due and payable by the Commission within thirty (30) days from the date of receipt thereof. Invoices for any other amounts will be submitted to the Commission as the amounts come due. For any services performed on a time and materials basis, the invoice will also state the total number of hours worked by each individual performing services during the preceding month. Invoices shall be accompanied by such supporting documentation as required by the Commission. The Commission may withhold payment for services that have not been properly performed or completed, and shall not be responsible for cost overruns incurred by the Consultant due to errors and omissions by the Consultant made during the performance of its services on any Turnpike project. The Commission is in the process of implementing an automated invoicing system. Once that new system is fully implemented, Contractor will be required to submit all invoices using the new system.
- 2.8 Audit.** The Consultant shall keep full and detailed records and accounts related to its rates, fee and reimbursable expenses and exercise such controls as may be necessary for proper financial management and to substantiate all costs incurred by implementing the accounting and control systems generally followed by consultants in the area or projects similar in nature. The accounting and control systems shall be satisfactory to the Commission. The Commission and the Commission's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Consultant's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, subcontracts, Subcontractor's proposals, purchase orders, vouchers, memoranda and other data relating to this Contract. The Consultant shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

### ARTICLE 3 TIME FOR COMPLETION

- 3.1 Time for Completion.** Time is the essence of this Contract. The Consultant is to complete its work on or before March 31, 2028, unless the Chief Engineer/Deputy Executive Director grants a request for an extension from the Consultant. Such extension request must be made in writing to the Chief Engineer/Deputy Executive Director no later than seven (7) days following the date upon which any event occurs that gives rise to the need for additional time. The extension request must include a description of the event, the reasons why that event justifies an extension, the duration of the extension sought, and any other documentation requested by the Chief Engineer/Deputy Executive Director.

## APPENDIX B

- 3.2 **Authorization to Proceed.** The Consultant is to proceed with the required services upon the execution of this Contract.

### ARTICLE 4 THIRD PARTIES

- 4.1 **Assignment.** Consultant may not assign, transfer, convey or otherwise transfer or dispose of its rights, title, interest in, or its duty to perform or supervise the performance of any of its obligations hereunder, to any other person, company, corporation or entity without the prior written approval of the Commission. Any purported assignment in violation of the preceding sentence will be void. Any approved assignment shall not relieve the Consultant from any of its responsibilities under the Contract or imply a willingness on the part of the Commission to give any subsequent or other consent, nor stop the Commission from refusing same; nor shall any such consent confer upon any assignee or transferee any right to assign or transfer any rights conferred upon such transferee.
- 4.2 **Subcontracting.** The Consultant shall not sublet or subcontract, nor shall any approved sub-consultant commence performance of, any part of the work or services included in this Contract without the previous written approval of the Commission. Subcontracting, if permitted, shall not relieve the Consultant of any of its obligations under this Contract. The Consultant shall be and remain solely responsible to the Commission for the acts or faults of any sub-consultant and of such sub-consultant's officers, agents and employees, each of whom shall for this purpose, be considered an agent or employee of the Consultant to the extent of its subcontract. References to the Consultant in this Contract include authorized sub-consultants of the Consultant.
- 4.3 **Waiver of Defense.** The Consultant acknowledges and agrees it will not raise a third-party liability defense, and waives such defense, as to any claim, suit or action brought against the Consultant or Commission arising from Consultant's performance under the Contract, except where the claim, suit or action is based upon facts that occurred after an assignment or transfer of the entire Contract, which was consented to by the Commission in writing as required by Section 4.1 above.
- 4.4 **Beneficiaries.** There are no intended third-party beneficiaries of any provision of this Contract.
- 4.5 **Independent Contractor.** The Consultant is an independent contractor for all purposes under this Contract. This is not an agreement of partnership or employment of the Consultant or any of the Consultant's employees by the Commission for the purpose of the Public Employees Retirement System ("PERS"), Workers' Compensation, or for any other purpose. - 5.2.2** If a third-party claim causes the Commission's quiet enjoyment or use of any product supplied by the Consultant to be seriously endangered or disrupted, or, should a court order be issued against the Commission restricting its use of any product and should the Consultant determine not to further appeal the claim issue, at the Commission's sole option, the Consultant shall provide at its sole expense, the following: Purchase for the Commission the rights to continue using the contested product(s); or Provide substitute products to the Commission which are, in the Commission's sole opinion, of equal or greater quality, or Refund all monies paid to the Consultant for the product(s) subject to the court action.
