**ANSWERS TO QUESTIONS RECEIVED THROUGH 5:00 P.M. ON NOVEMBER 13, 2024:**

- Q#1**    **Is Materials Testing included as part of this LOI, or will it require a separate LOI?**  
**Paragraph 4 in Part 1 states that a respondent must provide experience and accreditation in materials testing, but Section 15 of the Scope of Services states: "Coordinate with a material testing firm to schedule field testing and shop inspection as required to maintain the construction schedule."**
- A#1    Part I, Paragraph 4, of the LOI has been deleted and the revised page 1 of the Request for LOIs is included with this addendum. Materials Testing and Quality Control services are not part of this contract or scope of work. The selected CA&I firm will coordinate with a selected Materials Testing and Quality Control firm for the needs of the project maintain schedule.*

**END OF ADDENDUM NO. 1**

**REQUEST FOR LETTERS OF INTEREST (LOIs) FOR  
PAVEMENT REPLACEMENT CONSTRUCTION ADMINISTRATION  
AND INSPECTION SERVICES**

**PART I. BACKGROUND INFORMATION**

The Ohio Turnpike and Infrastructure Commission (“Commission”), a body corporate and politic constituting an instrumentality of the State of Ohio, is responsible for operating and maintaining the Ohio Turnpike, a toll road officially known as the James W. Shocknessy Ohio Turnpike. The Ohio Turnpike is a limited access highway extending 241 miles across northern Ohio. Additional information regarding the Commission and the Ohio Turnpike can be found at <https://www.ohioturnpike.org/home>.

The Commission issues this Request for Letters of Interest seeking to select qualified consultant(s) (“Consultant”) to provide construction administration and inspection services, on an assignment basis, as further described in Appendix A, including, but not limited to, full depth pavement replacement and highway reconstruction, slope, drainage work for pavement replacement projects (hereinafter referred to as the “Project” or “Projects”). It is the Commission’s intent to select two (2) Consultants and enter into contracts to perform the services for the duration of each Project, with an estimated contract completion of March 2027 for Construction Project No. 39-25-02 and March 2028 for Construction Project No. 39-25-01. The two (2) contracts will cover the 2025 Pavement Replacement Program work. Project No. 99-25-03 constitutes Milepost 154.10 to Milepost 159.80 in Cuyahoga County and Project No. 99-25-04 constitutes Milepost 212.76 to Milepost 216.10 in Trumbull County.

The contract (the form of which is set forth in Appendix B) for the Consultant’s services shall commence on the date that the Chief Engineer/Deputy Executive Director issues the first assignment letter and shall continue through the completion of the assignments. The total amount payable to each Consultant(s) under their respective contracts shall not exceed the following amounts over the term of the contract: Five Million Dollars (\$5,000,000.00) for Project No. 99-25-03 and Three Million Dollars (\$3,000,000.00) for Project No. 99-25-04.

~~Any person responding (a “Respondent”) must clearly demonstrate depth of experience in providing material testing and quality control services, including familiarity with the various methodologies and industry best practices for performing the required tasks. Demonstrated experience in providing the necessary services is required, as well as relevant testing lab accreditations and certifications.~~

Letters of Interest shall serve to provide information for the Commission to evaluate the Respondent’s qualifications to perform the services required for the Project. Those firms interested in responding to the Request for Letters of Interest must have a completed “Request for Qualifications” (“RFQ”) package for calendar years 2023-2024 on file with the Commission to be considered as a potential Respondent. If a firm has not already responded to the RFQ, the RFQ package may be obtained through the inquiry process and its response submitted simultaneously with the LOI.

**PART II. ASSISTANCE FROM COMMISSION PERSONNEL**

Commission personnel will be available to assist, as needed, with the coordination of the various aspects of any assignments issued by the Chief Engineer. Commission personnel will also make available all documents in the Commission’s possession to the Consultant required for completion of its duties. Generally, the Commission’s Chief Engineer will administer and manage the contract for the Consultant’s services.
