ATTENTION OF BIDDERS IS DIRECTED TO:

ANSWERS TO QUESTIONS RECEIVED THROUGH 4:00 P.M. ON DECEMBER 5, 2022

Issued by the Ohio Turnpike and Infrastructure Commission through Aimee W. Lane, Esq., General Counsel.

Aimee W. Lane
Aimee W. Lane, Esq.
Director of Contracts Administration

December 5, 2022

ANSWERS TO QUESTIONS RECEIVED THROUGH 4:00 P.M. ON DECEMBER 5, 2022:

Q#2 May we please be advised of the frequency of sweeping? How many cycles are performed per year? Also, in the past fiscal year, how many hours were utilized by the current contractor?

A#2 Pavement sweeping is typically performed twice a year, a spring and fall cleanup, lasting two to four months each. During these time periods, pavement sweeping is a daily operation (Monday – Friday, weather dependent). To date for 2022, pavement sweeping has been performed 88 days. During normal operations, at a minimum one sweeper is typically used per group, however, a bidder shall be able to service all awarded groups simultaneously.
