ANSWERS TO QUESTIONS RECEIVED THROUGH 5:00 P.M. ON MARCH 25, 2021:

Q#1 If we were to join a team to help them meet their SBE requirement would it preclude us from being assigned/selected to perform Materials Testing Services on the projects?

A#1 This issue will be determined by the project for which services are needed and assigned. Some of the projects contemplated for services under this Request for Letters of Interest No. 3-2021 will also require material testing services which will be contracted separately. The same consultant providing construction administration and inspection services and material testing services on the same project could be a conflict of interest and a basis to preclude a respondent from being awarded a contract or given an assignment on a specific project.

Additional information regarding the Commission and the Ohio Turnpike can be found at <https://www.ohioturnpike.org/home>.

The Commission issues this Request for Letters of Interest seeking to select qualified consultant(s) (“Consultant”) to provide general construction administration and inspection services, on an assignment task order basis, as further described in Appendix A, ~~for various turnpike projects~~, including, but not limited to, resurfacing projects, ~~bridge painting projects, bridge rehabilitation projects~~, slope and drainage type projects, miscellaneous facility upgrade projects, etc. These services generally will be required for, but will not be limited to, projects where the design and plan preparation has been completed by the Commission’s Engineering and Maintenance Department (or an independent design consultant). It is the Commission’s intent to select ~~three-two (32)~~ three-two (32) Consultants and enter into contracts to perform the services over an approximately ~~two-one (21)~~ three-two (32) year term which shall end on December 31, 20221. The ~~three-two (32)~~ three-two (32) contracts will be ~~generally~~ divided into approximate regions covering from Milepost 0.0 to Milepost 80.0, ~~and from~~ Milepost 80.0 to 160.0, ~~and Milepost 160.0 to Milepost 241.26~~. These regions are not to be considered hard boundary lines of the individual contracts but are to provide a general basis of the areas that services will be provided. ~~The Commission may authorize task orders to a Consultant outside their general region.~~ Project No. 99-21-02 constitutes the general region from Milepost 0.0 to Milepost 80.0 (Western Region); ~~and~~ Project No. 99-21-03 constitutes the general region from Milepost 80.0 to Milepost 160.0 (Central Region); ~~and Project No. 99-21-04 constitutes the general region from Milepost 160.0 to Milepost 241.26 (Eastern Region).~~

The contract (the form of which is set forth in Appendix B) for the Consultant’s services shall commence on the date that the Chief Engineer issues the first assignment letter and shall continue through the ~~2021-2022 biennium completion of the assignments~~, ~~except that some task orders issued during the biennium may even if the construction project will~~ not be completed until after ~~the biennium period~~ December 31, 2021. The total amount payable to each Consultant(s) under their respective contracts shall not exceed the following amounts over the term of the contract: ~~One Million Five Hundred Thousand Dollars (\$1,0500,000.00)~~ for the Western Region; ~~and~~ One Million Five Hundred Thousand Dollars (\$1,500,000.00) for the Central Region; ~~and Five Hundred Thousand Dollars (\$500,000.00) for the Eastern Region~~. PART IX. OFFICE OF EQUITY AND INCLUSION

The Commission adopted its Small, Minority Business Inclusion Program in 2016 to ensure that businesses certified as a Small Business Enterprise (SBE), Minority Business Enterprise (MBE), and/or Disadvantaged Business Enterprise (LDBEs) have the fullest possible opportunity to participate in contracts involving the expenditure of Commission funds. The program is administered by the Commission’s Office of Equity and Inclusion (OEI), which reviews each proposed contract and determines if opportunities exist and if so, applies a goal to the proposed contract. In some cases, no goal is applied to a proposed contract due to a lack of opportunity and availability of certified businesses.

The Commission’s Office of Equity and Inclusion Standards and Practice Manual for the Small, Minority and Disadvantaged Business Inclusion Program is available on the Commission’s website at <https://www.ohioturnpike.org/business/oei>.

When a goal is identified in an LOI, the respondent must submit the documentation provided by the Commission to show how the respondent will meet the goal. When the goal is waived, the program standards still require respondents to use “good faith efforts” or necessary and reasonable actions that

would reasonably be expected to attain SBE or MBE or LDBE participation in the respondent's performance of the scope of work.

Additionally, whether the Commission applies a goal to a proposed contract or not, the program standards provide that the Commission may apply an evaluation credit of five percent (5%) to the total points awarded for responses received from SBEs, or MBEs and LDBEs consultants to perform the personal or professional services set forth in the Scope of Services. The Commission may apply this credit in the evaluation process for responses submitted in response to this LOI No. 3-2021.

For questions about the Commission's Small, Minority and Disadvantaged Business Inclusion Program, please visit the Commission's website at <https://www.ohioturnpike.org/business/oei>.

Respondents should specify in the Letter of Interest whether they take exception to any of the Scope of Services or the Consulting Services Contract. If a Respondent fails to notify the Commission of a known error in the Request for LOIs, and a Consulting Services Contract is awarded to that Respondent, that Consultant shall not be entitled to additional compensation or time by reason of the error or its later correction.

The Commission reserves the right to make changes to the scope of this Request for LOIs and to clarify any of the requirements, information and/or provisions of this Request for LOIs as it deems necessary. Upon completion of any inspection services assigned to the Consultant, it shall provide certification, in writing, to the Commission that the inspections were completed in strict accordance with the specifications set forth in the Contract Documents for that particular project. - 2.3.1 Hourly Rates.** Hourly Rates shall mean the direct cost of salaries and/or wages of the personnel of the Consultant, as applicable, including professional, technical, management, administrative and clerical employees, and principals engaged on the Project as related to their time devoted to the Project. All hourly rates are subject to the approval of the Commission's Chief Engineer. - 2.3.4 Billing Rate Approval.** The Consultant, prior to beginning work on the Project, must submit and obtain written approval from the Commission of the Billing Rate for each individual it expects to work on the Project, including their job classification. Prior to assignment of any new personnel to the Project, the proposed Billing Rates and résumés must be submitted for prior written approval by the Commission. The Consultant shall invoice its personnel expenses based on its Approved Billing Rates. Compensation for any services not specifically provided for shall be determined by prior agreement between the Executive Director or the Chief Engineer of the Commission and the Consultant; otherwise the Commission agrees to compensate the Consultant in accordance with the Approved Billing Rates for that assignment. The Approved Billing Rates include all overhead costs except as hereinafter modified. Overtime must have prior approval of the Executive Director or the Chief Engineer of the Commission. Overtime rates will only be in effect after 40 (forty) hours of regular time is worked unless this provision is in conflict with other labor agreements to which the Consultant is a party. The time period for the

APPENDIX B

assessment of regular time shall be from Monday through Friday of a standard work week, and for purposes of overtime, said personnel must have worked on the assigned Turnpike project or at another Ohio Turnpike location on another Commission project. Time in excess of forty (40) hours for this period as well as Saturday and Sunday will be considered as overtime.

The Consultant must certify to the Commission's Chief Engineer the number of miles between the Consultant's office and the home of each employee who will work on the Project. The Consultant shall also certify the number of miles that each employee will travel from home to the nearest portion of the Turnpike job site. Such certification will be used to calculate approved mileage charges and authorization for overnight lodging. The foregoing notwithstanding, the~~ approved mileage charges shall not exceed \$43.00 per day per vehicle, unless previously authorized in writing by the Chief Engineer. Furthermore, mileage logs shall be completed daily by the Consultant's employees and submitted with monthly invoices as supporting documentation for mileage reimbursement. The Commission will audit these transponders on a regular basis and should unauthorized activity be detected, the authorization for non-revenue privilege may be revoked. These transponders shall be returned at the completion of the assignment. Should the Consultant return less than the number of transponders issued, there shall be a charge of \$100.00 per transponder for each one not returned.

APPENDIX B

- 2.4.3 Meals and Lodging.** During performance of said professional services, overnight lodging will be provided for Consultant's employees only when ~~the distance from the home office or employee's home, whichever is further, to the nearest portion of the job site exceeds 100 miles, or when~~ it is deemed advantageous to the assignment, and prior approval in writing is granted by the Commission's Executive Director or Chief Engineer. In the event said overnight lodging has been approved by the Executive Director or the Chief Engineer, the cost of meals and lodging shall be reimbursed at a rate the Consultant reimburses its employees, but not in amounts that exceed the Federal CONUS (Continental United States) rates established by the Federal Government and published at <https://www.gsa.gov/travel/plan-book/per-diem-rates>. CONUS rates will dictate the maximum reimbursement a traveler will receive for lodging and meals (excluding incidentals) by city. Travel reimbursement is based on the location of the work activities and not the accommodations. The location of the work activities shall be the city/county where a majority of the work is being performed for the Project. Reimbursement for lodging and meals (excluding taxes) will be provided on an actual costs basis up to the maximum CONUS rates. Documentation of actual expenditures for lodging and meals is required. For meals, the per diem rates may be used for reimbursement with verification of travel status – refer to the CONUS rules concerning partial days. - 2.5 Reporting.** The Consultant shall provide, and shall require all sub-consultants to provide, any requested data to determine compliance with the representations made in the approved SBE Participation Certification, Utilization Plan, Demonstration of Good Faith Efforts and Statements of Intent to Contract and Perform for each invoice through the Commission's online diversity compliance portal: <https://ohioturnpike.diversitycompliance.com/Default.asp>. For any services performed on a time and materials basis, the invoice will also state the total number of hours worked by each individual performing services during the preceding month. Invoices shall be accompanied by such supporting documentation as required by the Commission. The Commission may withhold payment for services that have not been properly performed or completed, and shall not be responsible for cost overruns incurred by the Consultant due to errors and omissions by the Consultant made during the performance of its services on any Turnpike project.

- 2.8 Audit.** The Consultant shall keep full and detailed records and accounts related to its rates, fee and reimbursable expenses and exercise such controls as may be necessary for proper financial management and to substantiate all costs incurred by implementing the accounting and control systems generally followed by consultants in the area or projects similar in nature. Such extension request must be made in writing to the Chief Engineer no later than seven (7) days following the date upon which any event occurs that gives rise to the need for additional time. The extension request must include a description of the event, the reasons why that event justifies an extension, the duration of the extension sought, and any other documentation requested by the Chief Engineer.
- 3.2 Authorization to Proceed.** The Assignment Letter will provide the date upon which Consultant is to proceed with the work. Otherwise, Consultant is to proceed upon written authorization from the Chief Engineer.

ARTICLE 4 THIRD PARTIES

- 4.1 Assignment.** Consultant may not assign, transfer, convey or otherwise transfer or dispose of its rights, title, interest in, or its duty to perform or supervise the performance of any of its obligations hereunder, to any other person, company, corporation or entity without the prior written approval of the Commission. Any purported assignment in violation of the

Any approved assignment shall not relieve the Consultant from any of its responsibilities under the Contract or imply a willingness on the part of the Commission to give any subsequent or other consent, nor stop the Commission from refusing same; nor shall any such consent confer upon any assignee or transferee any right to assign or transfer any rights conferred upon such transferee.

- 4.2 Subcontracting.** The Consultant shall not sublet or subcontract, nor shall any approved sub-consultant commence performance of, any part of the work or services included in this Contract without the previous written approval of the Commission. - 4.5 Independent Contractor.** The Consultant is an independent contractor for all purposes under this Contract. - 5.2.1** If a regulatory body or court of competent jurisdiction finds that the Consultant is not an independent contractor or is not in compliance with applicable laws related to work as an independent contractor, based on the Consultant's own actions, the Consultant will assume full responsibility and liability for all taxes, assessments, and penalties imposed against the Consultant or the Commission resulting from that contrary interpretation, including taxes, assessments, and penalties that would have been deducted from the Consultant's earnings if the Consultant had been on the Commission's payroll and employed as a Commission employee.
 - 5.2.2** If a third-party claim causes the Commission's quiet enjoyment or use of any product supplied by the Consultant to be seriously endangered or disrupted, or, should a court order be issued against the Commission restricting its use of any product and should the Consultant determine not to further appeal the claim issue, at the Commission's sole option, the Consultant shall provide at its sole expense, the following: Purchase for the Commission the rights to continue using the contested product(s); or Provide substitute products to the Commission which are, in the Commission's sole opinion, of equal or greater quality, or Refund all monies paid to the Consultant for the product(s) subject to the court action.  - 5.2.4** The indemnity obligations of the Consultant shall not be limited by the types, terms, conditions, or limits of liability of any insurance purchased and maintained by Consultant.
- 5.3** This agreement to defend, hold harmless and indemnify shall survive expiration or termination of this Contract.
