**ANSWERS TO QUESTIONS RECEIVED THROUGH 4:00 P.M. ON APRIL 15, 2022:**

**Q#1 Will you accept proposals below the minimum percentage you note below? Our successful CVS, iStore and ESI automated retail percentage structure is normally below those minimum thresholds and still offers a positive return for both parties while offering nationally known brands. Automated retail has differences from the traditional vending of the past. Please let us know your thoughts.**

*A#1 All proposals received will be evaluated and scored accordingly as part of the Commission's competitive bidding process. The Commission hereby requests a pro-forma sales projection for the first term of the pending Contract to be submitted with the Proposal in order to assess the desirability, viability, feasibility and reasonableness of any offers received.*
