

OHIO TURNPIKE COMMISSION

**Resolution Awarding a Contract
for Maintenance Services for the Commission's
Telecommunications System, Toll Information System
and Toll Lane Equipment**

WHEREAS, on March 31, 1999, the Commission issued its Request for Proposals (RFP) for Maintenance Services for the Commission's Telecommunications System, Toll Information System and Toll Lane Equipment to fifty-one firms expressing an interest in providing the requested maintenance services to the Commission;

WHEREAS, five companies attended a mandatory pre-proposal meeting and tour on April 8, 1999, and responses were received from two companies;

WHEREAS, the Commission's chief engineer, director of management information systems and telecommunications manager have reviewed the proposals submitted and concluded, on the basis of the proposal and its initial Schedule of Compensation which proposes the rate of \$152,208.00 per month (\$1,826,496 per year) that TransCore of Middleburg Heights, Ohio was most qualified to perform the services required and recommends that the contract be awarded to TransCore;

WHEREAS, the executive director has also reviewed the proposals submitted and concurs in the recommendation of the chief engineer, director of management information systems and telecommunications manager that the contract be awarded to TransCore on the basis of their superior technical rating and its above-mentioned proposed rates of compensation;

WHEREAS, the Commission has duly considered such recommendations;

NOW, THEREFORE, BE IT

RESOLVED that the Commission hereby selects **TransCore** of Middleburg Heights, Ohio, to furnish maintenance services at the initial Schedule of Compensation resulting in the rate of \$152,208.00 per month (\$1,826,496 per year) for the Commission's Telecommunications System, Toll Information System and Toll Lane Equipment and authorizes and directs the executive director and the general counsel to formalize a three-year contract commencing June 1, 1999, for the requested maintenance services, all in accordance with the terms and conditions of the Commission's Request for Proposals and its response thereto.

(Resolution No. 18-1999 adopted April 26, 1999)
